Professional Summary

DevOps & Cloud Engineer with expertise in AWS, Google Cloud Platform, and CI/CD automation. Proven track record with 45+ Google Cloud Skill Badges across Compute, Vertex AI, GenAI, Monitoring, and Cloud Functions. Specialized in building scalable serverless architectures, automating deployment pipelines, and developing full-stack applications with React, TypeScript, and cloud-native services.

Technical Skills

Cloud Platforms: Google Cloud Platform (GCP), Amazon Web Services (AWS)
Cloud Services: Compute Engine, Cloud Functions, App Engine, Cloud Run, Vertex AI, Pub/Sub, API Gateway, Cloud Storage, Cloud Speech API, Lambda, DynamoDB, S3, CloudFront
DevOps & CI/CD: GitHub Actions, Docker, Kubernetes, Infrastructure as Code, Deployment Automation
Development: React, TypeScript, JavaScript, Python, Serverless Architecture, REST APIs
Tools & Platforms: AppSheet, Apps Script, Looker, Dataplex, Streamlit, Gemini API, Cloud Monitoring
AI/ML: Generative AI, Vertex AI, Prompt Design, MLOps, AI Engineering, Model Customization

Experience

Google Developers Group (GDG On Campus KMIT)   **Oct 2025**
Participant – Google Cloud Study Jams 2025 (Generative AI Track)   *Hyderabad, India*
- Completed intensive Generative AI program, earning 20+ Skill Badges in Vertex AI, Prompt Design, Gemini API, Cloud Speech API, and Cloud Monitoring
- Designed and deployed AI-driven applications using Gemini API, App Engine, and Cloud Functions with Streamlit integration
- Implemented Vertex AI Model Customization and explored Speech & Language APIs for production-ready AI solutions
- Achieved Bronze League status on Google Cloud Skills Boost, demonstrating expertise in AI Engineering and MLOps workflows

VaultofCodes   **Jul 2025**
Web Development Intern   *Remote*
- Developed responsive web applications using modern frontend frameworks and best practices
- Collaborated with cross-functional teams to deliver high-quality web solutions within tight deadlines

Google Developers Group (GDG On Campus KMIT)   **Oct 2024**
Participant – Google Cloud Study Jams 2024   *Hyderabad, India*
- Earned 25+ Google Cloud Skill Badges covering Compute, Storage, API Gateway, Pub/Sub, Cloud Functions, AppSheet, Apps Script, Dataplex, and Looker
- Built production-ready cloud applications with automated deployment workflows and API integrations
- Achieved Gold League recognition on Google Cloud Skills Boost platform through hands-on cloud architecture projects
- Implemented real-world solutions for website deployment, workflow automation, and data analytics using GCP services

Department of Posts, India   **Dec 2022 – Dec 2024**
Branch Post Master   *Secunderabad, India*
- Managed daily operations including financial transactions, data integrity, and service delivery for 500+ customers
- Maintained accurate digital records and databases, ensuring data accuracy across postal and financial systems
- Handled digital payment platforms and transaction systems, gaining practical experience in secure financial operations
- Developed strong problem-solving and operational efficiency skills through high-volume customer service management

Education

Keshav Memorial Institute of Technology   **Graduated: Aug 2024**
Bachelor of Technology in Computer Science Engineering   *Hyderabad, India*

Certifications & Achievements

Google Cloud Skills Boost: 45+ Skill Badges (Compute, Vertex AI, GenAI, Cloud Functions, Monitoring, API Gateway)
League Status: Gold League (2024), Bronze League (2025) on Google Cloud Skills Boost
Certifications: Introduction to Generative AI, The Basics of Google Cloud Compute
Athletic Achievement: State Second Place in Kho Kho – demonstrating teamwork and competitive excellence
